

MICHAEL ZETA

MUSIC PRODUCTION & CREATIVE TECHNOLOGY

(951) 662-1120 michael@a2zeta.com 7200 Cumberland Pl, Rancho Cucamonga, CA 91739

PROFESSIONAL SUMMARY

Tech-savvy Audio Engineer and Music Producer with a proven track record in commercial studio operations and multimedia asset management. Highly organized and detail-obsessed, combining deep technical DAW expertise with rigorous project management skills to produce dynamic custom tracks, leveraging my background as a multi-instrumentalist to support the creative pipeline from ideation to final mix prep.

EDUCATION

Chaffey College, Rancho Cucamonga, CA

Expected: December 2026

Business Administration and Computer Information Systems

- **Cumulative GPA:** 3.94 (Dean's List)
- **Relevant Coursework:** Music Theory, Theater Performance, Choir, Computer Info Systems, Computer Programming, Communications, Economics, and Accounting.

Miracosta College, Oceanside, CA

2011

Studied Audio Engineering

LEADERSHIP & HONORS

- **Vice President**, Chaffey Recording Arts Club: Lead weekly meetings and design technical workshops (Home Studio Setup, Songwriting, DAW prep) for the student body and run live sound board during monthly open mic events on campus.
- **Member**, Phi Theta Kappa Honor Society (Academic Excellence).

EMPLOYMENT HISTORY

Music Producer & Brand Manager

Jan 2020 – PRESENT

The Second Messenger, Rancho Cucamonga, CA

- **Production & Arranging:** Arranged, performed (guitar, bass, piano, drums, vocals), and produced original tracks, demonstrating diverse musical range from ideation to final render.
- **Content Strategy & Laybacks:** Managed the entire creative pipeline for hundreds of visual assets from storyboard to final render, expertly pairing high-quality audio with moving, narrative-driven visuals.
- **Rights & Asset Management:** Executed complex rights management (ASCAP/BMI licensing, ISRC coding) ensuring 100% legal compliance for all global assets.

Project Manager & Operations Lead

Mar 2016 – Sep 2024

Rockstars of Tomorrow, La Verne, CA

- **Audio Engineering Curriculum:** Designed and authored the school's audio engineering program, translating complex DAW workflows into accessible goals, which resulted in the highest student retention rate in company history.
- **Production & Asset Creation:** Composed, recorded, and produced a vast library of multimedia assets including full-band recordings, backing tracks, educational videos, and custom sheet music to support internal educational programs.
- **Music Production & Engineering:** Produced, mixed, and mastered full-band projects for both outside clients and student learners. Coached developing musicians in the studio, tracking complex, multi-layered arrangements to achieve polished final records.
- **Session Strategy & Studio Operations:** Managed the recording studio business unit. Directed the strategy for complex recording projects, handling everything from project scoping and mix prep to stem organization. Configured ClickUp software to track tight timelines and automate hourly billing.
- **Systems Integration:** Led the integration of "Opus One" business logic into the company website and built a custom Stripe portal for Summer Camps.

Technical Project Manager (Contract)

Jun 2021 – Jan 2022

Valiant Eagle, Inc., Los Angeles, CA (Hybrid)

- **Workflow Architecture:** Designed a modular "assembly line" workflow for web development projects, defining clear hand-off protocols between design, dev, and DevOps.
- **PM Software Implementation:** Configured and deployed ClickUp as the central project hub, creating custom Kanban boards and status templates.
- **Strategic Planning:** Audited existing technology stacks and provided documentation regarding the feasibility of Web3 and e-commerce initiatives.

Founder & Lead Technologist

Jun 2013 – PRESENT

A2Zeta Creative Design, Rancho Cucamonga, CA

- **Full Stack Development:** Architect custom web solutions using React, Next.js, and Node.js, utilizing Agile methodologies.
- **Full-Cycle Operations:** Manage the complete business lifecycle from lead generation and contract negotiation to technical execution and invoicing.

CORE COMPETENCIES

Audio Engineering & Mix Prep	DAW Expertise	Audio-to-Picture Syncing
Music Publishing (ASCAP/BMI)	Stem & Session Organization	Project Management (ClickUp)
Google Workspace & Keynote	Workflow Automation	Content Management Systems
Track Editing & Cutdowns	Audio Metadata & Tagging	Multi-Instrumental Arranging
